Ministry of Communal Economy	116
Central Union of Agricultural Cooperatives	134
Administration of Utilization of Small Rivers for Transport	103
All industrial cooperatives	105
Including:	
Main Administration of Industrial Cooperatives	103
Council of Invalids' Cooperatives	139

The May gross-production plan was fulfilled 109.4 percent by the entire industry of the Estonian SSR. Production increased by 36.6 percent in comparison with May 1948. Some ministries that fulfilled the gross-production plan and the quantity-of-production plan for many important industrial products, failed to fulfill the quantity-of-production plan for the following products: Ministry of Timber and Paper Industry -- logging of commercial timber and firewood, plywood, cardboard, and paper; Ministry of Local Industry -- radio receiving sets, cotton and linen fabric, soft leather, brick, and construction nails; Main Administration of Industrial Cooperatives -- lumber, brick, furniture, wool fabric, soft leather, knitted outer garments, confectionery, and soap.

Fulfillment of the May quantity-of-production plan and production in May 1949 in comparison with May 1948 is given in the following statistics:

	<u>May 49 Plan</u> <u>in %</u>	<u>May 49</u> <u>in % of</u> <u>May 48</u>

Estonian kolkhozes, peasant holdings, and cooperative associations completed 102 percent of the spring sowing plan by 5 June; kolkhozes completed 110 percent of their spring sowing plan. More than two thirds of spring sowing plots have been planted by kolkhozes.

Sovkhozes under the Ministry of State Farms have fulfilled 108 percent of the spring sowing plan.

Republic MTSs have completed 111 percent of planned tractor operations, and the volume of tractor operations has increased by more than 100 percent in comparison with last year.

The second-quarter capital construction plan has been completed 63.6 percent by all branches of the Republic's national economy. The following enterprises and organizations are successfully meeting the second-quarter capital construction plan: "Estonianets" Combine, Main Administration of Gas Fuel Industry, Ministry of Local Industry, Ministry of Shale and Chemical Industry, Ministry of Civilian Housing Construction, Ministry of Construction Materials Industry, Administration of Arts, and others. "Estonenergo," Ministry of Fish Industry, Main Administration of Automobile Transport, Ministry of Agriculture, and Committee on Cultural Enlightenment Institutions are not satisfactorily meeting the second-quarter capital construction plan.

Ministries, societies, local soviets, and individuals aided by State loans have constructed and restored more than 23,000 square meters of living space during the first 5 months of 1949.

The Estonian Railroad completed 92 percent of the wide-gauge and 124 percent of the narrow-gauge freight plan for May 1949. The May freight plan for the most important freight commodities was fulfilled as follows:

	May Plan in % Narrow- Gauge	Wide- Gauge
Petroleum	112	118
Shale	93	256
Lumber	122	121
Firewood	71	87
Other construction materials	85	186

The Main Administration of Automobile Transport fulfilled the May 1949 freight and passenger transportation plan as follows:

	<u>Percent</u>
Freight (tons)	114
Freight (ton-kilometers)	114
Passengers	141
Passenger-kilometers	108

The second-quarter commodity turnover plan has been completed 65.9 percent during April and May, including 65.7 percent of the retail commodity turnover plan and 67.4 percent of the plan for public eating enterprises. Individual trade organizations have completed the second-quarter commodity turnover plan as follows:

	<u>Retail Trade Turnover</u>	<u>Public Eating Turnover</u>
Ministry of Trade	66	66
Central Union of Estonian Republic Union of Consumer Societies	71	77
Central Union of Agricultural Cooperatives	56	58
Main Administration of Industrial Cooperatives	64	64
ORBs	55	57

ESTONIAN PARTY MUST STRENGTHEN CONTROL TO COMPLETE PLAN IN 4 YEARS -- Sovetskaya Estoniya, No 135, 10 Jun 49

The Estonian Party has a decisive role to play in fulfilling the Five-Year Plan in 4 years. Twenty-three Tallin enterprises and the Tartu Comb Factory have already completed their 5-year plans. The "Kukruse" and "Kyava-2" Mines as well as other Estonian enterprises are nearing completion of this task. However, in order to complete the Republic's Five-Year Plan in 4 years, industrial production in July must be increased by 20 percent in comparison with April and the level of production set for 1950 must be attained by the ninth anniversary of the establishment of Soviet power in Estonia, 6 August.

TARTU INDUSTRY TOPS MAY PLAN -- Sovetskaya Estoniya, No 134, 9 Jun 49

Workers in Tartu industrial enterprises are successfully fulfilling their pledge to complete the postwar Five-Year Plan ahead of schedule. The May plan was exceeded and 485,000 rubles' worth of goods above the plan were produced. The following enterprises made fine records during May: the meat combine "Konnaka" Plant, "Dinamo" Factory, and others. The "Vyvt" Plant and the aluminum factory have completed their 5-year quotas. During 4 months of 1949, Tartu industry released more than one million rubles by accelerating the turnover of working capital.
